

14th Annual WATCH Conference and Family Retreat
Home-Based Businesses
by Homeschool Families
August 8th & 9th 2008

This is an opportunity for you to showcase your home-based business to hundreds of other homeschool families. It will be a separate exhibit hall specifically designed and advertised as a place to visit and support fellow homeschool families. You must either be involved in homeschooling, have been homeschooled or plan on homeschooling your children to qualify for this venue.

Additional Qualifications to Participate:

- Must be a Christian family
- Submit a business card, flyer or website URL
- Furnish two customer references

To start the participation process you will need to indicate your interest in an email to: info@watchhome.org briefly describing your business. If we feel it is a fit for our venue we will email you an application form.

We will make sure there is a balanced exhibition of businesses. Sign up early to hold your place in the Vendor Hall.

Limitations:

- This is a table display venue. Everything must fit on or under your table.
- You must bring your own tablecloth which reaches the floor on the front side.
- You will need to bring your own signage to put on top of the table, hang off the front or self-standing. There will be no wall space to hang signs.
- Only one business per table
- Space is limited so we do not recommend more than two people at each table.

Benefits Include:

- Two Vendor Badges
- One 6' x 30" table
- Access to complimentary vendor refreshment station
- Complimentary entry to Exhibit Hall included with each Vendor Badge
- Complimentary General Speaker Sessions
- Electricity is available

Cost:

- \$50.00 per table
- Extra badges (beyond the two included) are \$10.00 each
- If you want to attend workshops you will need to register as a conference attendee at regular price
- If you are bringing children they must be registered in the children's program, **or** remain at your side at all times (however, we do not recommend more than two people per table)
- Please make sure to have your proper business licenses if needed and collect tax as required.
